Nitin Rohatgi, M.D., MBA, came to the United States after finishing medical college in India to undergo specialty training through the Internal Medicine Internship and Residency Program at the University of Massachusetts, Memorial Medical Center. Following his residency, Dr. Rohatgi pursued further specialization in hematology-oncology with a fellowship in hematology and medical oncology at the University of Cincinnati Medical Center.

Dr. Rohatgi has been affiliated with Sutter Medical Center, Sacramento and the Sutter Cancer Centers as a private practice physician since 2003. He has been very active at Sutter Medical Center, Sacramento, serving as chair of the Section of Hematology/Oncology since 2005 and a member of the Oncology Committee since 2006.

In addition to his focus on the treatment of breast cancer, Dr. Rohatgi also has expertise in treating skin, head, and neck malignancies.

Dr. Rohatgi is a member of the American Society of Clinical Oncology, American Society of Hematology, Sacramento Valley Medical Society and the California Medical Association.
